Process Calibrator

CL-420

The Tecpel CL-420 is a versatile, high accuracy, battery-powered, and very rugged hand-held process calibrator that allows process technicians to simulate and source variables signals including 0--22mA, 0--28V, Loop power 24V that are widely used in calibration for industrial field and laboratory application, it is one of necessary tools used to measure and calibrate...

TECPEL®, with over 20 years experience, is a rapidly growing company and regarded as one of leading Taiwanese manufactures of high quality test and measurement devices. Our product lines include power supplies, oscilloscopes, electronics & electrical meters and testers, Temperature Meter, Clamp Meter, Digital multimeter, Industrial Thermometer, Sound Level Meter, Temperature data logger and more.

Our quality products have been accepted by some well-known international customers. The confidence we have in our products is reflected in our two-year warranty and by our flat-rate service policy 3 through 5 years. Many of our products get UL, TUV and /or CE approvals.

Years of experience have taught us that to make our customers happy is to satisfy their every need. TECPEL continues to be a customer focused company and is committed to providing our customers with high quality, best price products with prompt services. All of this is combined to ensure your satisfaction.

As we move on to the professional era, our continuing support through high quality standards and services for our customers worldwide will remain. To boost your business, choose TECPEL as your reliable and promising partner for temperature meter, digital multimeter, industrial thermometer, clamp meter, sound level meter, temperature data logger and more test and measuring instruments

TECPEL

Sensors

ANEMOMETERS

CALIBRATORS

CLAMP-ON METERS

CLAMP-ON
TRANSDUCER

DATA LOGGERS

DC POWER SUPPLIES

ELECTRIC TESTERS

EMF FIELD TESTERS

FUNCTION GENERATORS

Analog PLC Input Modules.

INFRARED THERMOMETERS

Programmable AC Current Converters.

LCR METERS/INSTRUMENTS

Programmable DC Current Converters.

LIGHT METERS/DATALOGGER

Programmable AC/DC Voltage Converters

MULTIMETERS

Modbus Communication Modules and Modbus Data logger, Slave and Master.

OSCILLOSCOPES

Modbus RTU Analog Input Modules.

OSCILLOSCOPE PROBES

Modbus RTU Analog Output Modules.

PH METERS

Modbus Digital Input and Output Modules.

SOUND LEVEL METERS

Modbus Communication Modules and Modbus Data logger, Slave and Master.

TACHOMETERS

Modbus RTU Analog Input Modules.

TEMPERATURE HUMIDITY METERS

Modbus RTU Analog Output Modules.

TEMPERATURE HUMIDITY TRANSMITTERS

Modbus Digital Input and Output Modules.

THERMOCOUPLES

Modbus Communication Modules and Modbus Data logger, Slave and Master.

THERMOMETERS

Modbus RTU Analog Input Modules.

THICKNESS GAUGES

Modbus RTU Analog Output Modules.

ACCESSOIRES

Modbus Digital Input and Output Modules.

TEST LEADS

Modbus Communication
Modules and Modbus Data
logger, Slave and Master.
